

WHERE PROCESS MEETS PROGRESS

THE GLOBAL FOOD EQUIPMENT AND TECHNOLOGY SHOW®

▶▶▶ **NOVEMBER 2-5 ▶ 2021**

REGISTER TODAY! Chicago, IL USA

PROCESS EXPO is the nation's largest trade show dedicated exclusively to processing and packaging professionals.

EDUCATION

PE UNIVERSITY. TAKE A DEEP DIVE.

Located in a classroom learning environment, in both speaker and panel format, these sessions were developed to address the shifting concerns and demands of the industry. The PE University Advisory Committee selected an expert line-up of industry leaders focused on delivering strategic and actionable takeaways. These 90 minute interactive sessions will provide impactful information and proven solutions that can be implemented immediately.

FOOD FOR THOUGHT SESSIONS. JOIN THE CONVERSATION.

Located on the show floor, featuring 21 "educational bursts" that were curated to share key insights on today's hot topics. The "educational bursts" provide a snap shot on topics that range from new innovations, sustainability, safety, sanitation and packaging.

SPECIAL FEATURES

PRODUCTION LINES

Three Interactive, fully functional production lines. No other show offers this unique experience to see the technology in action — from creation to the final packaged product.

INNOVATION SHOWCASE

A spotlight on the innovations in processing and packaging for eight key industry segments in food and beverage. Hear the presentations on opening day. Winners will be announced during the event.

WOMENS ALLIANCE BREAKFAST

Guest speaker, Darcey Macken, CEO of Planterra Foods, joins in honoring women who have made strides in professional development and an impact in the industry overall.
